

Core Values & Principles

- We want institutions to succeed.
- We believe unity is positive and productive.
- We believe the citizens of our nation share more similarities than differences.
- We respect the differences of others.
- We care about justice and fairness.
- We believe that customer service should be a top priority.
- We believe in traditional “success principles” of hard work, integrity, and accountability.
- We have no hidden agendas.
- We are truthful with our clients and our team.
- We believe in transparency and honest dialogue.
- We are financially responsible.
- We accept personal responsibility for our results.

Our Mission

To bring greater harmony to workplaces and educational institutions by respecting everyone’s civil rights and equality under the law.

To encourage Americans to rediscover and re-embrace our national motto: **E pluribus unum** (*Out of many, one*).

Real Unity Training

Our Process

A transformative model for uniting and reigniting workforces. A positive and inspiring solution to getting workplaces back on track and refocused on a shared mission, vision and values.

Real Unity Training Solutions starts at the top and cascades to all levels within the organization, starting with a Real Unity Assessment to gauge your current state of unity.

Over the course of a 1-day or 2 half-day workshops with leadership, executives will learn the principles of Real Unity and ways to lead, engage and inspire their team to focus on mission, vision and values.

Following the training, supervisors & managers will learn the same principles of Real Unity training.

To complete the transformation throughout the organization, staff will be invited to a 2-hour Real Unity training session.

In the end, everyone throughout the organization is embracing Real Unity Principles.

Seminar Includes

- ✓ Small break-out groups for planning and discussion activities
- ✓ Open and constructive dialogue with Carol Swain's Real Unity Training Solutions facilitators
- ✓ Basic tools that can be immediately incorporated into daily routines
- ✓ Opportunities to customize the training sessions to your organizational needs.
